

29 December 1977

MEMORANDUM FOR: Director, ODP

STATINTL

FROM : [REDACTED]
Acting Deputy Director for Processing

SUBJECT : Processing Weekly Report

Tasks Accomplished

1. Renovations to the DAC, room 5D55, are 95% complete. Included in the work completed was the installation of raised flooring. There was no interruption of customer service during the renovations. [REDACTED]

STATINTL

2. Due to a change in the amounts of the approved Congressional Budget, the Budget Data Bases were made available to the Directorate Budget Offices for updating on 27 and 28 December. Priority reports were processed and distributed for all directorates except the DDI. Agency summary reports for the Office of the Comptroller will be produced upon request. [REDACTED]

STATINTL

3. SPD has completed the initial testing of VM, MVT, and MVS on the Amdahl 470/V6. The system has been turned over to SIS for job stream testing. [REDACTED]

STATINTL

Problems

1. Local Level I of the SVS operating system was installed in the Special Center on 17 December. Because of differences between the old and new systems it has been necessary to run the STAR online system under the old system during prime time. The differences between the two systems have now been resolved and the STAR system will be run under Level I beginning 29 December. [REDACTED]

STATINTL

2. The 360/67 was unavailable to TADS users for a period of 22 hours on 28 December. IBM diagnosed and resolved a hardware problem. [REDACTED]
